

Dear GPGMBC Family,

It has become necessary that we take precautions to ensure the safety of The Greater Pearlie Grove family.

We have obtained new information on the CDC's guidelines on COVID-19. The City of Jackson has mandated the limitation of gatherings more than ten people to minimize the spread of the virus.

Effectively immediately, all church services, gatherings, ministry meetings, Sunday service, and Wednesday night bible study are postponed until further notice. We are working with our I.T. team to finalize ways to connect you to the word of God.

I pray that our church family, as well as the Christian community, does not allow this time we are experiencing cause us to forget our faith.

Stephen F. Mason  
Pastor
